As you know, your department was included in Group ___ of UCSB’s regular PLO assessment review process. Results from the assessments you proposed to the Council on Assessment two years ago will thus be due in on year.

In the survey below please describe the work that your department has undertaken on your PLO assessment submitted to CoA thus far. Please be sure to address the approved plan (rather than any earlier drafts). If you have made changes to what was approved, please also address those. Please submit a survey for undergraduate and graduate separately.

This progress report is for:

- An Undergraduate Program
- A Graduate Program

What is the name of the program?

Please provide the name and email address of the faculty member who should be the primary point of contact for this assessment.

Have you been able to implement your assessment as you’d planned to/described in your approved assessment plan?

- Yes
- No

Please briefly describe the changes you’ve made since submitting your plan.

What have been your findings thus far? If you’ve not reached the point of describing findings, what have you done on the assessment thus far?
What have you or your department learned about your program(s) – strengths, challenges, or other – as a result of undertaking this assessment?

What has been the faculty response to this assessment and/or assessment process thus far?

What changes has the department made, or what changes is it considering, stemming from this assessment?

Have you created any instruments (rubrics, scoring guides, etc.) for your assessment?

- [ ] Yes
- [ ] No

Please attach any instruments with your response. Upload only .doc, .docs, or .pdf files.

If you would like one of UCSB’s assessment team (Amanda Brey, Mary Hegarty, or Linda Adler-Kassner) to contact you about your assessment, please provide your name and contact information.

Thank you for taking time to complete this survey, and for your engagement teaching and learning at UCSB.
